Partners for Better Health

[Home](#) [About](#) [Accreditation](#) [Consulting](#) [Resources](#) [Research](#) [Contact Us](#)

MICH delivers comprehensive accreditation and consulting services that capitalize on today's public health environment and provide a leading edge for tomorrow's competitive challenges.

Missouri  
Accreditation Today  
is based on PH 3.0,  
the Foundational  
Public Health  
Services, and local  
public health  
professional input

## Current Practice

Accreditation in Missouri is  
keeping pace with current practice

# CURRENTLY

---

- MICH has spent the last year revising the workforce and performance standards, resolving previously problematic issues. The MICH website has been updated and includes more tools, resources and examples.
- Three LPHAs have completed Beta-Testing the revised Workforce Standards
- Five LPHAs have completed Beta-Testing the revised performance standards.
- Seven LPHAs have recently completed the entire revised process with funding support from DHSS.
- LPHAs will pay 40% of \$9,000 fee (\$3,600) DHSS will pay 60% (\$5,400) for a five year accreditation period.
- Please see the MICH website, [www.michweb.org](http://www.michweb.org), for more details.
